WELL KNOWN CHARLEROI MAN KILLED AT MONESSEN

James O. Halsied Hit By Electric Crane While At Work.

DEATH INSTANTANEOUS

Body Taken To Wright's Undertaking Rooms—Survived By Wife and Child.

While at work this morning at the Pittsburg Steel company's mills at Monessen, James O. Halsied, a well known man of Charleroi, was killed, by being struck by an electric crane. Death was instantaneous. Mr. Halsied was a millwright. He was 39 years of age.

It was while repairing an electric crane that had in some way become out of commission that he received the blow which caused his death. He was up on top of the crane when someone below not knowing he was there turned on the electricity and Mr. Halsied was thrown by the shock from his position. He fell a few feet and was caught by a shaft of the crane and hit with considerable force such that it caused his instantaneous death. The accident happened at 10:15 o'clock, and his family and relatives here were notified at once.

Fellow workmen picked up the body and conveyed it to the undertaking rooms of G. F. Wright on Duquesne avenue. Here it was fixed up and will be brought to the home, either this afternoon or evening.

Mr. Halsied is survived by his wife and one child, the latter eighteen months of age. He is the son-in-law of Mr. and Mrs. Leroy Price of McKean avenue and Ninth street. Funeral announcements will be made later.

OLD FRIENDS MEET, ONE WANTS TO ARREST OTHER

As a result of too much made to order wit and fondness for a friend, Tom Barclay, a former well known character of this place who has lately returned, was last night given a leave of absence from the town of six months by acting burgess F. W. Jones. Barclay last evening happened along at the corner of Fifth street and McKean as one of the Pittsburg cars was coming in. To his intense delight he saw an old friend one L. Smith descend the steps, and in a moment the two were clasped in each others arms and showing every evidence of delight. Both had some of the spirits that cheers beneath their belts. It wasn't long until the said Tom became aware of the fact that his friend was becoming disorderly and should be locked up until his exuberance of spirit should become less noticeable and forthwith started toward the lockup with the man. The police arrived about this time and put an end to further activities. The friend of Tom was discharged as it was found he was not to blame anyway.

DUNLEVY WILL PLAY LOCALS THURSDAY

Tomorrow afternoon on the local grounds the Dunlevy and Charleroi association football teams will meet in a contest, and from present evidence the game will be one of the best played here this season. It will be called at 3 o'clock. The Dunlevy and Charleroi teams are rivals in more than one way and this is sure to add interest.

The "Boy With The Boodle" will throw away some of his money at 3:30 p. m. in front of Light's Drug Store, Monessen, Monday No. 30. Watch for him.

OPENING OF BIDS FOR NEW BRIDGE

The commissioners of Washington and Allegheny counties met this afternoon at 2 o'clock in the office of the county controller of Allegheny county, Pittsburg, to open bids for the purpose of awarding the contract for the erection of a bridge over the Monongahela river at Monongahela.

At a previous meeting of the boards of the two counties bids were opened for the erection of the structure and the Ft. Pitt Bridge company was the lowest bidder. The company's bid was \$215,000. The awarding of the contract was deferred pending the question of the legality of the bonds sold by Washington county. This matter being disposed of the Allegheny county commissioners then raised the question that the former advertisement for bids for the bridge had not been authorized by that county, and there was nothing to do but readvertise.

The specifications call for a bridge of three spans, each 335 feet long, with 24-foot roadway in which are two street car tracks, and one six-foot sidewalk. The superstructure is to consist of two stone river piers and two concrete abutments with wings and reinforced with steel.

The new structure is to replace the old Williamsport bridge which was condemned by the war department because it was not high enough nor were the spans sufficiently wide. In a few months the old bridge has to come down or the two counties will be liable to a fine of \$5,000 a month until it is removed.

PETITION OF THE WOOL GROWERS

Below is the petition to be sent the National lawmakers in the interest of woolgrowers of Western Pennsylvania. In addition to this business men and woolgrowers are urged to write letters to members of the Ways and Means Committee of congress: The petition reads as follows:

To the Honorable S. E. Payne, Chairman of Ways and Means Committee, Washington D. C.:

"We, the undersigned woolgrowers and business men of Western Pennsylvania, being vitally interested in the tariff on wool, are extremely desirous that no reduction of rates be made at this time, believing that the best interests of not only woolgrowers but of all industries in the county are benefited by the present tariff on wool. Any reduction on the present rates on fine wools would work a hardship to our people and cripple the industry."

Whereas, both Houses of Congress have, by their Joint Committee, requested me "to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many signal favors of Almighty God, especially by affording them an opportunity for their safety and happiness;"

Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent Author of all the good that was, that is, or that will be; that we may then all unite in rendering unto him our sincere and humble thanks for his care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies, and the favorable interpositions of his providence in the course and conclusion of the late war; for the great degree of tranquility, union and plenty which we have since enjoyed; for the peaceable and rational manner in which we have labored to

CHILDREN ARE COMPELLED TO QUIT SCHOOL

On account of a controversy between the officials of the California Normal and the school directors of that town, the children will doubtless in a short time be compelled to quit school and probably not get a chance to partake of the advantages of education which should be furnished by the school board again this year.

The California children attend the model school at the Normal and have been for many years. There has been a sort of contract existing between the board and the trustees of the Normal, and this was out about three weeks ago. The school directors presented a new contract to the Normal officials to be signed, but the latter turned it down for some reason. They however allowed the children to continue in school this week free, but afterwards the people will have to pay. The people of California think that the school board are at fault and that it is not necessary for a contract to be signed at all. It is to be hoped that matters are settled soon.

SOCIAL EVENTS OF CHARLEROI

Mrs. J. W. Hunter of Washington avenue yesterday afternoon at the parlors of the Elks Club entertained a large number of her friends at 500. The affair was one of the most elaborate card parties of the season, and a thoroughly enjoyable event. There were one hundred invitations issued. The parlors were beautifully decorated with cut flowers, the prevailing colors being green and white. The favor was a white carnation. Mrs. Hunter was assisted in receiving by Mrs. William Boyd, of East Palestine; Mrs. J. Christman and Miss Mayme Latimore, of Pittsburg, and Miss Martha Biber of Monaca. The hours of entertainment were from 2 to 5. Light refreshments were served the color scheme being carried out in the cakes and ices.

A supper was held by the Boy's Brigade in the Firemen's rooms in the borough building last night. All the members of the company who were present enjoyed the affair to the highest extent.

FIRST THANKSGIVING PROCLAMATION

By the President of the United States of America:

Whereas, it is the duty of all nations to acknowledge the Providence of Almighty God, to obey his will, to be grateful for his benefits, and humbly implore his protection and favor; and,

Whereas, both Houses of Congress have, by their Joint Committee, requested me "to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many signal favors of Almighty God, especially by affording them an opportunity for their safety and happiness;"

Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent Author of all the good that was, that is, or that will be; that we may then all unite in rendering unto him our sincere and humble thanks for his care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies, and the favorable interpositions of his providence in the course and conclusion of the late war; for the great degree of tranquility, union and plenty which we have since enjoyed; for the peaceable and rational manner in which we have labored to

establish constitutions of government for our safety and happiness, and particularly the national one now instituted: for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and, in general, for the great and various favors which he has been pleased to confer upon us.

And also that we may unite in most humbly offering our prayers and supplications to the great Lord and Ruler of nations, and beseech him to pardon our national and other transgressions; to enable us all, whether in public or private stations, to perform our several and relative duties properly and punctually; to render our national government a blessing to all the people, by continuing being a government of justice, just and constitutional laws, directly and faithfully obeyed; to protect and guide all sovereigns and nations (especially such as have shown kindness unto us,) and to bless them with good government, peace and concord; to promote the knowledge and practice of true religion and virtue, and the increase of science among them and us; and generally to gain unto all mankind shall have such a degree of temporal prosperity as he alone knows to be best.

Given under my hand, at the city of New York, the third day of October, in the year of our Lord one thousand seven hundred and eighty-nine. G. Washington.

Those interested in the case began to arrive yesterday morning and the crowd was so great at the time set for the hearing that it was decided to adjourn to the small court room. There was more than ordinary interest manifested, and at one time when the attorney for the prosecution scored a commonwealth witness there was an outbreak of applause and cheers. Attorneys T. P. Jones, H. S. Dumbauld, E. F. Sterling and Wooda N. Carr were the attorneys for the defense, while District Attorney Davis W. T. Henderson represented the prosecution. Dies At 3.50 O'clock In The Afternoon Following Operation.

CORONER'S INQUEST HELD

Verdict Which Is Returned Would Imply Accidental Death

Mrs. J. H. Farquhar, the woman who was so badly injured in the automobile accident at East Charleroi last Sunday evening succumbed yesterday afternoon at 3:50 o'clock following an operation shortly after dinner. It was thought for a time by her physicians that she would recover. A coroner's inquest was held last evening and a verdict rendered which would imply a finding of accidental death.

The first witness called was Dr. D. C. Farquhar who testified in an official capacity as to the injury which caused the woman's death. The motorman of the car which struck the automobile, Charles Buttermore, and the conductor, Joseph Terney, were called to the witness stand. Their testimony was as to how the machine happened to be struck by the car, saying that the accident was unavoidable. Others called as witnesses were H. N. Odger and the husband, J. H. Farquhar.

The following is the verdict as it was rendered.

We find that Lelia Ada Farquhar, 41 years of age met her death November 24, 1908, from being thrown from an automobile, in which she was a passenger, and which was struck by car No. 102 of the Webster, Belle Vernon and Fayette City street railway on November 22, 1908.

Mrs. Farquhar was the daughter of Mr. and Mrs. Euclid Griffith, of Redstone. Her father is dead but her mother still lives.

Mrs. Farquhar is survived by her husband and three children, Esther, Joseph and Willis. R. V. Griffith, of near Centerville, is a brother, as is also Dr. Martin Griffith, of Monessen.

The funeral will be held tonight at the late home at 8 o'clock, the services being conducted by Rev. G. E. Brennenman of the M. E. church at Monessen, of which body she was a member. The interment will tomorrow be in the Westland cemetery near Centerville where two of Mrs. Farquhar's children were buried.

Kane-Fox

At St. Jerome's church this morning at nine o'clock occurred the wedding of Mr. Henry Kane of Fayette City to Miss Elizabeth Fox of Alleport. The pastor of the church, Rev. W. D. Fries performed the ceremony which was witnessed by several friends of the couple. The ring ceremony was used. The attendants were Mr. George Kane, of Fayette City, a brother of the groom, and Miss Marie Alcott, of Charleroi. The couple left this morning on an extended trip. On their return they will reside in Fayette City. Both are well known, not only in their home town but also in other places in the valley. Mr. Kane was formerly in business in Fayette City with his brother. The bride is a favorite among a large circle of acquaintances. C. C. Holvfield is transacting business in Pittsburg today.

The Night School.

There has been some criticism of
the establishment of the night school
in Charleroi and the subsequent spend-
ing of considerable money to equip a
room and secure teachers, by the
Board of Directors. This money
which is expended is that of the tax-
payers and some of them think that it
is not just that it should be used for
this purpose so lavishly. The school
directors are in the right however and
are compelled by the school laws to
act as they have. The ones who have
been complaining have not looked
up the matter or do not understand it,
and the reproduction few sections of
the Pennsylvania State law will make
all things plain to such parties.

In the Pennsylvania School Laws
and Decisions, published in 1907 of
1907, section CCLXXII, enacted into
a law on the 15th day of April, 1907,
has the following.

That whenever an applications hall
be made to the school directors of any
school district of this Commonwealth,
requesting the board to provide means
for the instruction of any colony,
camp or settlement of adults, includ-
ing foreigners, who may reside tem-
porarily or permanently within the
boundaries of said school district, it
shall be the duty of the said board to
arrange a suitable and convenient
place wherein any such persons desir-
ing to attend may be instructed in the
several branches now taught in the
common schools of the Commonwealth.
Section CCLXXIII—The application
or petition shall be signed by at least
twenty persons of said school district,
who may be either taxable residents
of said district, or aliens desiring
education: Provided, That any alien
so signing must accompany this re-
quest by the statement that he desires
to avail himself on the said instruc-
tion.

Section CCLXXIV—The said school
may be discontinued, at any time, at
the discretion of the said school
board, whenever the average daily
attendance for any month is less than
fifteen.

Section CCLXXV—It shall be in
the discretion of the school board to
use any one room of the school houses
established for the ordinary and usual
school purposes, or to erect or provide
such suitable building or buildings
portable or permanent, as may be
necessary.

Section CCLXXVI—That upon the
receipt of such application or petition
the school board shall at once proceed
to provide a suitable location for such
school, hire the necessary teachers
and make all needed expenses to open

and continue said schools: Provided,
that any two or more school districts
may unite in the establishment, sup-
port and maintenance of such schools:
Provided, however, That the estab-
lishing and maintaining of such
schools shall be optional with the
school boards of the several districts,
except such years as a State appro-
priation is made for this purpose.

Section CCLXXVII—The school
board may prescribe the hours at which
the school house may be open for in-
struction which shall be between the
hours of nine o'clock in the forenoon
and nine o'clock in the evening.

Section CCLXXVIII—The instruction
in said school shall be in the English
language, except when necessary to
translate the same into the original
language of the scholars: Provided,
That no sectarian instruction shall be
allowed.

Some of the complainants have
made the statement that the said
evening instruction is of no benefit
and that the pupils go to the school
just for the purpose of having a good
time. Nothing could be more false,
for those that attend take much inter-
est in the studies and try hard to
learn. The success of them is aston-
ishing. All one needs to convince
them is a visit to the school.

Potatoes.

This year the potato crop of the
United States is short. There has
not been a big crop for several years.
The deficiency has been made up by
importations from Germany and Bel-
gium, a matter which came up before
the Ways and Means Committee in
considering the tariff on starch.

In Germany potatoes are the big
crop. Twice as many are raised
there as in the United States. The
German farmers raise one kind of
potatoes for their own food, another
kind for starch and alcohol and a great
many for feeding stock. The starch
potatoes are as different from the
ordinary edible potatoes as mangels
from table beets. By having raised
special varieties of potatoes for years
their starch content has become high.
Such potatoes are distilled in alco-
hol, which is almost as cheap in
Germany as gasoline is here.

Intensive and economical farming
is more necessary in Europe than in
the United States, where the land is
more abundant and there is fertility
to waste. That is why almost all
sugar-beet seed is imported, because
the Germans have selected beet-seed
for years with a view to a high per-
centage of sugar. The carelessness of
American farmers in using scrub pota-
toes for seed is one of the principal
reasons the deficiency in the potato
crop here.

It is easily possible to secure a
potatoe yield of 250 bushels to the
acre, instead of less than 100, which
many farmers averaged this fall.
Two hundred and fifty bushels at 50
cents a bushel would pay the farmers
better than eighty or ninety bushels
at 75 cents, and the great potato-con-
suming public would be correspond-
ingly better off.

The average so-called "sav-

this \$400 represents 6 per cent

GROWS HAIR

ON BALD HEADS

Bald Headed People May get
A New Chance In
Life.

In these days when youth is the
moving factor in business; when a man
makes his mark at thirty five and is
ready to retire at forty five; when
business houses pension the man we
call "middle aged" rather than allow
his lagging influence to intrude upon
the commercial rush, a bald head is
almost fatal to any man's hopes.
The following must therefore prove
interesting to people who are losing
their hair or who are bald.

Resorcin is one of the latest and
most effective germ killers discovered
by science, and in connection with
Beta Naphthol, which is both germi-
cidial and antiseptic, a combination
is formed which destroys the germs
which rob the hair of its nutriment,
and also creates a clean and healthy
condition of the scalp, which prevents
the development of new germs.

Pilocarpin is a well known agent
for restoring the hair to its natural
color, where the loss of color has been
due to a disease of the scalp. Yet,
it is not a coloring matter or dye.

This combination of curative mixed
with alcohol as a stimulant perfects
the most effective remedy for hair and
scalp troubles.

The famous Rexall "93" Hair Tonic
is chiefly composed of Resorcin,
Beta Naphthol and Pilocarpin. It
makes the scalp healthy, nourishes
the hair, stimulates the follicles.
Where the hair is already bare, it
enters the follicles, revitalizes the
roots, supplies nourishment and stimu-
lates a new growth.

We want you to try a few bottles
of Rexall "93" Hair Tonic; on our
personal guarantee that the trial will
not cost you a penny if it does not
give you absolute satisfaction.
That's proof of our faith in this
remedy and it should indisputably
demonstrate that we know what we
are talking about when we say that
Rexall "93" Hair Tonic will grow
hair on bald heads, except of course,
where baldness has been of such long
duration that the roots of the hair
are entirely dead, the follicles closed
and grown over, and the scalp is
glazed.

Remember, we are basing our state-
ments upon what has already been
accomplished by the use of Rexall
"93" Hair Tonic, and we have the
right to assume that what it has done
to hundreds of others it will do for
you. In any event you cannot lose
anything by giving it a trial on our
liberal guarantee. Two sizes 50c and
\$1.00. John W. Carroll, Charleroi,
Pa.

AMONG THE THEATERS

Earl Burgess Co.

There is no reason why the Earl
Burgess Stock company should not do
a big business at the Coyle theatre
next week. The engagement will
open with Theodore Kremer's famous
domestic melodrama "Wedded and
Parted," and the plays to be pre-
sented during the balance of the week
are not only of the very finest in their
line, but are also new to the theatre
goers of Charleroi and vicinity. The
company itself is composed of players
of unquestioned capabilities. Mr.
Earl Burgess, the proprietor of this
organization, and today the largest
owner of popular priced attractions in
America and the fact that this com-
pany is owned and directed by him is
in itself a guarantee of its merit.
He has a world-wide reputation in the
theatrical field and he has never failed
to give his patrons their money's
worth and more. High class vaude-
ville will be introduced between the
acts of the plays, the specialties
being changed at each performance.
Matinee will be given Thursday and
Saturday. Special ladies' tickets for
Monday evening's performance,
limited to 200. Seats on sale at Box
office Saturday morning at 9 a. m.

WELL KNOWN CHARLEROI MAN KILLED AT MONESSEN

James O. Halsied Hit By Electric Crane While At Work.

DEATH INSTANTANEOUS

Body Taken To Wright's Undertaking Rooms--Survived By Wife and Child.

While at work this morning at the Pittsburgh Steel company's mills at Monessen, James O. Halsied, a well known man of Charleroi was killed, by being struck by an electric crane. Death was instantaneous. Mr. Halsied was a millwright. He was 39 years of age.

It was while repairing an electric crane that had in some way become out of commission that he received the blow which caused his death. He was up on top of the crane when some one below not knowing he was there turned on the electricity and Mr. Halsied was thrown by the shock from his position. He fell a few feet and was caught by a shaft of the crane and hit with considerable force such that it caused his instantaneous death. The accident happened at 11:30 o'clock, and his family and relatives here were notified at once.

Fellow workmen picked up the body and conveyed it to the undertaking rooms of G. F. Wright on Louner avenue. Here it was fixed up and will be brought to the home, either this afternoon or evening.

Mr. Halsied is survived by his wife and one child, the latter eighteen months of age. He is the son-in-law of Mr. and Mrs. Leroy Price of McKean avenue and Ninth street. Funeral announcements will be made later.

OLD FRIENDS MEET, ONE WANTS TO ARREST OTHER

As a result of too much made to order wit and fondness for a friend, Tom Barclay, a former well known character of this place who has lately returned, was last night given a leave of absence from the town of six months by acting burgess F. W. Jones. Barclay last evening happened along at the corner of Fifth street and McKean as one of the Pittsburgh cars was coming in. To his intense delight he saw an old friend one L. Smith descend the steps, and in a moment the two were clasped in each others arms and showing every evidence of delight. Both had some of the spirits that cheers beneath their belts. It wasn't long until the said Tom became aware of the fact that his friend was becoming disorderly and should be locked up until his exuberance of spirit should become less noticeable and forthwith started toward the lockup with this time and put an end to further activities. The friend of Tom was discharged as it was found he was not to blame anyway.

DUNLEVY WILL PLAY LOCALS THURSDAY

Tomorrow afternoon on the local grounds the Dunlevy and Charleroi association football teams will meet in a contest, and from present evidence the game will be one of the best played here this season. It will be called at 3 o'clock. The Dunlevy and Charleroi teams are rivals in more than one way and this is sure to add interest.

The "Boy With The Boodle" will throw away some of his money at 3:30 p. m. in front of Light's Drug Store, Monessen, Monday No. 30. Watch for him.

OPENING OF BIDS FOR NEW BRIDGE

The commissioners of Washington and Allegheny counties met this afternoon at 2 o'clock in the office of the county controller of Allegheny county, Pittsburgh, to open bids for the purpose of awarding the contract for the erection of a bridge over the Monongahela river at Monongahela.

At a previous meeting of the boards of the two counties bids were opened for the erection of the structure and the Pitt Bridge company was the lowest bidder. The company's bid was \$215,000. The awarding of the contract was referred pending the question of the legality of the bonds sold by Washington county. This matter being disposed of the Allegheny county commissioners raised the question that the former advertisement for bids for the bridge had not been authorized by that county, and there was nothing to do but readvertise.

The specifications call for a bridge of three spans, each 135 feet long, with 24-foot roadway in which are two street car tracks, and one six-foot sidewalk. The superstructure is to consist of two stone river piers and two concrete abutments with wings and reinforced with steel.

The new structure is to replace the old Williamsport bridge which was condemned by the war department because it was not high enough nor were the spans sufficiently wide. In a few months the old bridge has to come down or the two counties will be liable to a fine of \$5,000 a month until it is removed.

PETITION OF THE WOOL GROWERS

Below is the petition to be sent the National lawmakers in the interest of woolgrowers of Western Pennsylvania. In addition to this business men and woolgrowers are urged to write letters to members of the Ways and Means Committee of congress: The petition reads as follows:

To the Honorable S. E. Payne, Chairman of Ways and Means Committee, Washington D. C.:

"We, the undersigned woolgrowers and business men of Western Pennsylvania, being vitally interested in the tariff on wool, are extremely desirous that no reduction of rates be made at this time, believing that the best interests of not only woolgrowers but of all industries in the county are benefited by the present tariff on wool. Any reduction on the present rates on fine wools would work a hardship to our people and cripple the industry.

FIRST THANKSGIVING PROCLAMATION

By the President of the United States of America:

Whereas, it is the duty of all citizens to acknowledge the Providence of Almighty God, to obey his will, to be grateful for his benefits, and humbly implore his protection and favor; and,

Whereas, both Houses of Congress have, by their Joint Committee, requested me "to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many signal favors of Almighty God, especially by affording them an opportunity for their safety and happiness;

Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent Author of all the good that was, that is, or that will be; that we may then all unite in rendering unto him our sincere and humble thanks for his care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies, and the favorable interpositions of his providence in the course and conduct of the late war for the great liberty of this country; and for the preservation of the peace and tranquility of this country.

On account of a controversy between the officials of the California Normal and the school directors of that state, the children will probably be compelled to quit school and probably not get a chance to partake of the advantages of education which should be furnished by the school board again this year.

The California children attend the model school at the Normal and have been for many years. There has been a sort of contract existing between the board and the trustees of the Normal, and this was out about three weeks ago. The school directors presented a new contract to the Normal officials to be signed, but the latter turned it down for some reason. They however allowed the children to continue in school this week free, but afterwards the people will have to pay. The people of California think that the school board are at fault and that it is not necessary for a contract to be signed at all. It is to be hoped that matters are settled soon.

SOCIAL EVENTS OF CHARLEROI

Mrs. J. W. Hunter of Washington avenue yesterday afternoon at the parlors of the Elks' Club entertained a large number of her friends at 500. The affair was one of the most elaborate card parties of the season, and a thoroughly enjoyable event. There were one hundred invitations issued. The parlors were beautifully decorated with cut flowers, the prevailing colors being green and white. The favor was a white carnation. Mrs. Hunter was assisted in receiving by Mrs. William Boyd, of East Palestine; Mrs. J. Christman and Miss Mayme Latimore, of Pittsburgh, and Miss Martha Biber of Monaca. The hours of entertainment were from 2 to 5. Light refreshments were served the color scheme being carried out in the cakes and ices.

A supper was held by the Boy's Brigade in the Firemen's rooms in the borough building last night. All the members of the company who were present enjoyed the affair to the highest extent.

MRS. FARQUHAR SUCCEUMBS YESTERDAY TO HER INJURIES

Stewards Are Held For Court

Most of Detendents In Fayette City Cases Discharged.

After hearing the testimony of about 40 witnesses in the Fayette City social club cases yesterday afternoon, Justice Daniel Brier, on the recommendation of District Attorney Davis W. Henderson, discharged all the defendants with the exception of the stewards of the club, who were held for December court. Those interested in the case began to arrive yesterday morning and the crowd was so great at the time set for the hearing that it was decided to adjourn to the small court room. There was more than ordinary interest manifested, and at one time when the attorney for the prosecution scored a commonwealth witness there was an outbreak of applause and cheers. Attorneys T. P. Jones, H. S. Dumbauld, B. F. Sterling and Woods N. Carr were the attorneys for the defense, while District Attorney Davis W. T. Henderson represented the prosecution. The stewards were Jess Ashley of the Eagles Club, Dave Evans of the Fayette City Club and Sol Chambers of the Arnold City club.

Dies At 3.50 O'clock In The Afternoon Following Operation.

CORONER'S INQUEST HELD

Verdict Which Is Returned Would Imply Accidental Death

Mrs. J. H. Farquhar, the woman who was so badly injured in the automobile accident at East Charleroi last Sunday evening succumbed yesterday afternoon at 3:50 o'clock following an operation shortly after dinner. It was thought for a time by her physicians that she would recover. A coroner's inquest was held last evening and a verdict rendered which would imply a finding of accidental death.

The first witness called was Dr. D. C. Farquhar who testified in an official capacity as to the injury which caused the woman's death. The motorman of the car which struck the automobile, Charles Buttermore, and the conductor, Joseph Terney, were called to the witness stand. Their testimony was as to how the machine happened to be struck by the car, saying that the accident was unavoidable. Others called as witnesses were H. N. Odger and the husband, J. H. Farquhar. The following is the verdict as it was rendered.

We find that Lelia Ada Farquhar, 41 years of age met her death November 24, 1908, from being thrown from an automobile in which she was a passenger, and which was struck by car No. 102 of the Webster, Belle Vernon and Fayette City street railway on November 22, 1908.

Mrs. Farquhar was the daughter of Mr. and Mrs. Euclid Griffith, of Redstone. Her father is dead but her mother still lives.

Mrs. Farquhar is survived by her husband and three children, Esther, Joseph and Willis. R. V. Griffith, of near Centerville, is a brother, as is also Dr. Martin Griffith, of Monessen.

The funeral will be held tonight at the late home at 8 o'clock, the services being conducted by Rev. G. E. Brennehan of the M. E. church at Monessen, of which body she was a member. The interment will tomorrow be in the Westland cemetery near Centerville where two of Mrs. Farquhar's children were buried.

Kane-Fox.

At St. Jerome's church this morning at nine o'clock occurred the wedding of Mr. Henry Kane of Fayette City to Miss Elizabeth Fox of Allentown. The pastor of the church, Rev. W. D. Fries performed the ceremony which was witnessed by several friends of the couple. The ring ceremony was used. The attendants were Mr. George Kane, of Fayette City, a brother of the groom, and Miss Marie Alcott, of Charleroi. The couple left this morning on an extended trip. On their return they will reside in Fayette City. Both are well known, not only in their home town but also in other places in the valley. Mr. Kane was formerly in business in Fayette City with his brother. The bride is a favorite among a large circle of acquaintances. C. G. Holfield is transacting business in Pittsburgh today.

The Night School
There has been some criticism of
the establishment of the night school
in Charleroi and the subsequent spend-
ing of considerable money to equip a
room and secure teachers, by the
Board of Directors. This money
which is expended is that of the tax-
payers and some of them think that it
is not just that it should be used for
this purpose so lavishly. The school
directors are in the right however and
are compelled by the school laws to
act as they have. The ones who have
been complaining have not looked
up the matter or do not understand it,
and the reproduction for sections of
the Pennsylvania State law will make
all things plainer to such parties.
In the Pennsylvania School Laws
and Decisions, published in 1907 of
1907, section CCLXXII, enacted into
a law on the 15th day of April, 1907,
has the following.

That whenever an applications hall
be made to the school directors of any
school district of this Commonwealth,
requesting the board to provide means
for the instruction of any colony,
camp or settlement of adults, includ-
ing foreigners, who may reside tem-
porarily or permanently within the
boundaries of said school district, it
shall be the duty of the said board to
arrange a suitable and convenient
place wherein any such persons desir-
ing to attend may be instructed in the
several branches now taught in the
common schools of the Commonwealth.
Section CCLXXIII—The application
or petition shall be signed by at least
twenty persons of said school district,
who may be either taxable residents
of said district, or aliens desiring
instruction: Provided, That any alien
so signing must accompany this re-
quest by the statement that he desires
to avail himself on the said instru-
ction.

Section CCLXXIV—The said school
may be discontinued, at any time, at
the discretion of the said school
board, whenever the average daily
attendance for any month is less than
fifteen.

Section CCLXXV—It shall be in
the discretion of the school board to
use any one room of the school houses
established for the ordinary and usual
school purposes, or to erect or provide
such suitable building or buildings
portable or permanent, as may be
deemed necessary.

Section CCLXXVI—That upon the
receipt of such application or petition
the school board shall at once proceed
to provide a suitable location for such
school, hire the necessary teachers
and make all needful expenses to open

and continue said schools. Provided,
That any two or more school districts
may unite in the establishment, sup-
port and maintenance of such schools.
Provided, however, That the estab-
lishing and maintaining of such
schools shall be optional with the
school boards of the several districts,
except such years as a State appro-
priation is made for this purpose.

Section CCLXXVII—The school
board may prescribe the hours at which
the school house may be open for in-
struction which shall be between the
hours of nine o'clock in the forenoon
and nine o'clock in the evening.

Section CCLXXVIII—The instruction
in said school shall be in the English
language, except when necessary to
translate the same into the original
language of the scholars: Provided,
That no sectarian instruction shall be
allowed.

Some of the complainants have
made the statement that the said
evening instruction is of no benefit
and that the pupils go to the school
just for the purpose of having a good
time. Nothing could be more false,
for those that attend take much inter-
est in the studies and try hard to
learn. The success of them is aston-
ishing. All one needs to convince
them is a visit to the school.

Potatoes.
This year the potato crop of the
United States is short. There has
not been a big crop for several years.
The deficiency has been made up by
importations from Germany and Bel-
gium, a matter which came up before
the Ways and Means Committee in
considering the tariff on starch.

In Germany potatoes are the big
crop. Twice as many are raised
there as in the United States. The
German farmers raise one kind of
potatoes for their own food, another
kind for starch and alcohol and a great
many for feeding stock. The starch
potatoes are as different from the
ordinary edible potatoes as mangels
from table beets. By having raised
special varieties of potatoes for years
their starch content has become high.
Such potatoes are distilled in alcohol,
which is almost as cheap in
Germany as gasoline is here.

Intensive and economical farming
is more necessary in Europe than in
the United States, where the land is
more abundant and there is fertility
to waste. That is why almost all
sugar-beet seed is imported, because
the Germans have selected beet-seed
for years with a view to a high per-
centage of sugar. The carelessness of
American farmers in using scrub pota-
toes for seed is one of the principal
reasons the deficiency in the potato
crop here.

It is easily possible to secure a
potatoe yield of 250 bushels to the
acre, instead of less than 100, which
many farmers averaged this fall.
Two hundred and fifty bushels at 50
cents a bushel would pay the farmers
better than eighty or ninety bushels
at 75 cents, and the great potato-con-
suming public would be correspond-
ingly better off.

THAT THE POWER OF MONEY
in making more money is the secret of getting rich is generally admitted.
The average so-called "savings deposit" is only \$400—yet this \$400 represents 6 per cent interest on nearly \$7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

GROWS HAIR ON BALD HEADS

Bald Headed People May get A New Chance In Life.

In these days when youth is the
moving factor in business; when a man
makes his mark at thirty five, and is
ready to retire at forty five; when
business houses pension the man we
call "middle aged" rather than allow
his lagging influence to intrude upon
the commercial rush, a bald head is
almost fatal to any man's hopes.
The following must therefore prove
interesting to people who are losing
their hair or who are bald.

Resorcin is one of the latest and
most effective germ killers discovered
by science, and in connection with
Beta Naphthol, which is both germi-
cidal and antiseptic, a combination
is formed which destroys the germs
which rob the hair of its nutriment.

condition of the scalp, which prevents
the development of new germs.

Pilocarpin is a well known agent
for restoring the hair to its natural
color, where the loss of color has been
due to a disease of the scalp. Yet,
it is not a coloring matter or dye.

This combination of curative mixed
with alcohol as a stimulant perfects
the most effective remedy for hair and
scalp troubles.

The famous Rexall "93" Hair Tonic
is chiefly composed of Resorcin,
Beta Naphthol and Pilocarpin. It
makes the scalp healthy, nourishes
the hair, stimulates the follicles.
Where the head is already bare, it
enters the follicles, revitalizes the
roots, supplies nourishment and stimu-
lates a new growth.

We want you to try a few bottles
of Rexall "93" Hair Tonic, on our
personal guarantee that the trial will
not cost you a penny if it does not
give you absolute satisfaction.
That's proof of our faith in this
remedy and it should indisputably
demonstrate that we know what we
are talking about when we say that
Rexall "93" Hair Tonic will grow
hair on bald heads, except of course,
where baldness has been of such long
duration that the roots of the hair
are entirely dead, the follicles closed
and grown over, and the scalp is
glazed.

Remember, we are basing our state-
ments upon what has already been
accomplished by the use of Rexall
"93" Hair Tonic, and we have the
right to assume that what it has done
to hundreds of others it will do for
you. In any event you cannot lose
anything by giving it a trial on our
liberal guarantee. Two sizes 50c and
\$1.00. John W. Carroll, Charleroi,

There is no reason why the Earl

open with Theodore Kremer's famous
domestic melodrama "Wedded and
Parted," and the plays to be pre-
sented during the balance of the week
are not only of the very finest in their
line, but are also new to the theatre
goers of Charleroi and vicinity. The
company itself is composed of players
of unquestioned capabilities. Mr.
Earl Burgess, the proprietor of this
organization, and today the largest
owner of popular priced attractions in
America and the fact that this com-
pany is owned and directed by him is
in itself a guarantee of its merit.
He has a world-wide reputation in the
theatrical field and he has never failed
to give his patrons their money's
worth and more. High class vaude-
ville will be introduced between the
acts of the plays, the specialties
being changed at each performance.
Matinee will be given Thursday and
Saturday. Special ladies' tickets for

tween Greensburg, Connellsville and

with the railroad companies in winter
as well as in summer, by maintaining
a quick schedule and running large
cars equipped with modern con-
veniences. The patrons of the Pitts-
burg and Charleroi line would wel-
come a similar state of affairs in this
valley.
